IT & Security Solutions  
**CONBRIO**  
SUNTECH GROUP CONBRIO vadaexchange

## We Are Security Experts

With our broad range of skills, Conbrio has the capability to install\* and support a complete range of security products.

Because every sites requirements and budget are different, Conbrio can customise a solution to suit you by offering a large range of cameras and digital video recorders (DVR).

We can also install and monitor alarms as well as organise remote access for you so you don't even need to be on the premises to see what's going on!

By taking advantage of our services you can limit the number of companies you need to deal with and lessen the administrative time being wasted having to deal with multiple suppliers.

\* installation is only available in the Greater Auckland area at the moment but we can provide supply and online support nationwide

## Are you ready?

Did you know that all eftpos machines need to be a version 6.0 terminal by June 2011?

This will mean your eftpos terminal will have to be chip card enabled.

Having the correct terminal keeps payments secure and reduces the likelihood of credit card fraud.

We can supply a terminal to suit your needs **from \$795+ gst**

*IT & Security Solutions*  
**CONBRIO**

## Who are we?

Conbrio Technology is a group of companies who provide a complete IT and Security capability to our customers.

Our combined businesses can trace their history back over 25 years and have serviced over 10,000 customers during this period.

The Conbrio Technology Ltd family comprises of:

### Conbrio IT

- Providing new hardware and software from a wide range of suppliers
- Remote monitoring and support of your network using IT manager and onsite when necessary
- The linking of multiple internet connections for increased speed performance and reliability using the Xrio product (sole NZ agent)
- Point of Sale solutions
- Eftpos terminals
- Complete IT Business solutions

### Suntech Group

- Providing intruder alarms into both domestic and commercial environments
- CCTV Security Solutions
- Data cabling

### The Ark

- Supply of high quality refurbished computers, printers, servers and most other IT related equipment
- Recycling solutions for redundant computer related equipment
- Specialists in the supply of low cost computers to schools, small businesses and community projects since 1995
- Deploying of new equipment and the removal of redundant gear from your business

### Vadacom

- As a shareholder in Vadacom (a New Zealand IP telephony company) we can also provide complete telephony requirements for your business

The combined experience of the Conbrio Technology family means we can deliver exceptional support email **sales@conbrio-it.com** for more information.
